# DON'T LET WINTER CATCH needed repairs now!

Don't put in another winter with a faulty heating system, a jittery roof or unimalisted walls that let the heat out and the cold in. Make your home cosier and more livable—as so many others have done—without financial strain. Do it with the magic of the Home Improvement Plan and, at the same time, put men to work.

Select the improvement you need most— inside or outside painting, a modern kitchen, insulation, a new furnace, up-to-the-minute plumbing or the building of an attic play-room or basement game room for indoor days, and get an estimate of its cost. You will be surprised at how readily these and many other desirable improvements will fit into your budget.

### Built.. 1938's BEST BUY! BETTER LOOKING. BETTER

LAST YEAR, Pontiac startled Motoring Canada by announcing one of the finest Pontiacs ever built, at the lowest prices in history. Pontiac repeats for 1938. Heir to a famous fine car line are these two 1938 Pontiac models. 'A new, De Luxe Six . . . an All-Time High for Value! And a new, thrifty Special Six . . . priced at an All-Time Low!

Twin values to amaze Motoring Canada! Sheer beauty to take it by storm! The new, more striking "Silver Streak" styling of the new Pontiacs reflect character and distinction from bumper to cowl. Both cars are a symphony of flowing lines and sweeping contours . . . graceful, speedline silhouettes. Both give the silence, safety and riding comfort of new Unistrel Turret Top Bodies by Fisher. Both provide new handling ease ... effortless power ... lightning "getaway" ... top performance and matthless thrift! And a ride smoother than words can describe!

Exclusive to all Pontiac models is the new SAFETY SHIFT Gear Control that makes Pontiac a joy to drive. Shifting can be done with a flick of the fingers without removing a hand from the wheel. Never was a front seat more perfectly "built for three". There's no gear shift lever to "rangle" the legs of the middle passenger. Even the emergency brake is under the cowl. Floors are level and unobstructed, both front and rear.

See these great new Pontiacs! Take a ride and be convinced that for 1938 Pontiac again outvalues the field. Ownership can be conveniently arranged through the General Motors Instalment Plan that provides monthly payments to suit your purse.

## Cape Cod "Turkey"

DIPPING into brown swells that champed hungrily at the frosted strakes of his dary, the Cape Codder crouched to his cold work with wet, streaming lines till a catch of fish had been made. Good cod was his Thanksgiving "turkey." With dull skies sinking heavily upon him and the first ghostly shafts of a nor'easter hissing from a smoky horizon, he would lift his crinkled eyes shoreward, thankful for the fish that meant both food and feast.

Sometimes, it seems, we come by our blessings too easily. We take the gifts a more progressive civilization has brought us with a complacency that robs us of deeper thrills. And the thrills are there, with but a slight exercise of imagination.

"And what's your system?" inquired Mr. Henry Cotton of Cotton, Higgins (Dry Goods, Groceries and Hardware),

"I watch the wood pile," said Mr. Picobac, puffing vigor ously. "When it's low I know it's just my luck to run into a cold spell, and I'll have to get busy with the buck saw. But if I happen to have plenty of wood ready cut, split and piled, the weather turns mild. We run into a soft spell sure. Never fails."

Mr. Picobac chuckled.

"But I don't care how cold it gets," added he. "Let the wind howl. Give me a hot fire of good dry maple and plenty of Picobac tobacco and I can tough it out. Yes, sir — a mild ... cool ... sweet smoke near a good wood fire — that's what I call COMFORT."

here we've been married half a year and now it's Christmas and for the life of me I don't know what to get the little girl! I think she'd like a lamp for the living room—but then again she might prefer an electric cleaner. Golly, Santa, as one old married man to another can't you help me out?

Anxiously, JOE

Well, young fellow, it shouldn't be hard to decide. Does this young lady do her own housework, or has she a maid? With someone in to make the beds and wash the dishes, I'd say buy her a lamp .. .. but otherwise, well, for gosh sakes, help her out with the vacuum cleaner! But - whichever it is - buy her something personal, too! A compact, a bag, lingerie, stockings. What it is doesn't matter just so long as it's all for her and you bought it!

#### Sincerely, SANTA

P. S. Now if THIS Leaves You Up in Just Look at the Ads in the Dall

DEAR SANTA: My husband has a million ties and the worst of it is he wants more. He's crazy on the subject of neckwear but doesn't trust my taste. What will I do?

Frantically yours, MARY

#### DEAR MARY:

Buy him a couple of ties, of course! But before you visit buy his favorite store, wrap up half a dozen of his pet cravats and take them along. Show them to the sales person. Don't duplicate just what he's wearing, but get something similar. And here's a big word of caution: Don't try to set a new style for him! Buy him the kind of pattern he' been wearing. Remember—you can change his brand o coffe on him, but his neckties—never!

Love from P. S. Where to Buy 'em? Look in the Daily Ontario Intelligence

DEAR SANTA CLAUS: Don't faint-I want to buy a present for my mother-in-law. Yeh, I really like the old girl 'cause she lives out-of-town-though she does insist that her grandchildren look like her. What will I give her, Santy, huh?

Dear Art:
Where are your brains, old fellow? You could have answered your own question. Send her a nice lounge chair and a nice Merry Christmas letter to boot!

After she's tried the chair, she may even admit she likes you better than you think.

P. S. There Are Values Aplenty in Ohristmas Gift Suggestions I Just Look in the Ontario Intelligencer.

DEAR SANTA CLAUS: Can you give me a break and tell me how to make Christmas easier?
